

Checklist for Arrival at ETHS

When scheduled for an activity on the ETHS campus, please review the following steps.

Complete the pre-screening questions

Complete the health pre-screening questions in [myETHS](#) (students) and in [custom apps](#) (staff) prior to arrival at ETHS.

Know your schedule

Check and double check when you are scheduled to be at ETHS. Plan to arrive no more than 15 minutes before the scheduled time. Be sure to plan as needed for e-learning that may be part of the day. Account for travel time as well, whether by walking, biking, driving, or taking public transportation.

Pack personal supplies & water bottle

When you are scheduled to be on campus, expect to bring and take home all of the supplies you will need. For health reasons, students will not be allowed to share items. Also, school lockers and vending machines will not be in use. Remember to bring a filled water bottle. While water fountains will be turned off, water filling stations will be available.

Charge your Chromebook

To minimize contact with surfaces in the building, students should be sure that devices, like a Chromebook and cell phone, have a full charge before their scheduled arrival to ETHS.

Remember the 3 W's

- Wear your mask.
- Wash your hands.
- Watch your distance.

Everyone must wear a mask while on the ETHS campus. ETHS masks were distributed to students on materials pick-up days during first semester. Students and staff may bring and wear their own masks that meet health protocols.
