

Dear Educator,

At the time your students took the recent ISBE-Sponsored SAT exam, they had the ability to send their scores to up to four colleges or scholarship organizations by writing the affiliated code directly on their answer sheet. Unfortunately, some colleges were left off the code list provided by the College Board.

We apologize for this error. To make it up to your students, we are offering them the chance to send their scores for free to up to four of the colleges missing from the initial list, in addition to those they previously selected. Students may make up to four selections from the list below.

- Oakland University, Michigan - 1497
- University of Illinois – Springfield - 0834
- Black Hawk College – 1483
- Illinois Eastern Community Colleges
 - Illinois Eastern - Frontier – 1894
 - Illinois Eastern - Lincoln Trail – 0758
 - Illinois Eastern - Olney Central – 0827
 - Illinois Eastern - Wabash Valley – 1936
- Lake Land College – 1424
- Lewis & Clark Community College – 0623
- Richland Community College – 0738
- Shawnee Community College – 0882
- Harry S Truman College – 1111

We are sending an email notification on this error to students that provided an email address on their test form. However, since not all students provided this, we ask that you also share with students and families at your school.

To take advantage of additional score sends, students must call the Illinois Educator Customer Service line at 1-844-688-9995 no later than **7 p.m. CT on Friday, May 26**. The score sends will be free for **up to four of the schools listed above**. College Board will not cover rush fees. Any extra score reports or those sent after the deadline will incur a cost of \$12 each.

Additional score resources to share with students are included below.

- [Learn more about sending scores](#)
- [Learn how to interpret SAT scores](#)

Again, we apologize for any inconvenience this may have caused you, your students and their families, and appreciate the opportunity to provide every student who takes the SAT an opportunity to pursue their post-secondary ambitions.

Regards,
The College Board
